My family and I had a great experience! We caught a lot of fish and Capt Keith was very knowledgeable. We will definitely book again for our next vacation!

Fished with Captain "Boomer" and had the experience of a lifetime. A lot of charters promise you great fishing but these guys deliver! Captain Boomer would ask us what type of fish we wanted to catch and take us directly to an area where ... [More](#)

What a great experience! Captain Cutler took us right to the fishing spots! Not only did we have a great time catching fish but enjoyed great conversations with the Capt and his mate. They are extremely professional and the boat was extremely clean! I would highly recommend them to anyone visiting in the myrtle beach area!

One of the best fishing charters I've been on! It was not just because we caught fish either. Our captain was super helpful with baiting and removing fish as well as teaching the proper technique for the fishing we did. He cleaned out fish at the end too. I recommend them to anyone!

First of all these guys love to fish!!! I've been on fishing charters before that are strictly business and the presence of passion is nonexistent. They take the time to enjoy each catch with you until you are ready to move on to the next. ... [More](#)
